## **SUMMARY SHEET**

### **I. Description of Item**

Resolution requesting members of the Tennessee General Assembly to support legislation amending Tennessee Code Annotated, Title 62, Chapter 5, Section 102, relative to the exemption of cemeteries owned by municipalities or county governments from the provision of funeral directors and embalmers act as enumerated in Tennessee Code Annotated, Title 62, Chapter 5 Section 101 ET SEQ.

Shelby County Government has operated the Shelby County Cemetery since 1965 to provide burials for indigent Shelby County citizens. The Shelby County Cemetery provides limited burial services and a burial plot at no cost for qualified persons. The Executive Director of the Tennessee Board of Funeral Homes and Embalmers has recently determined that the Shelby County Cemetery is engaging in an act of funeral directing by performing the act of placing caskets containing the bodies of deceased persons in gravesites. Since September 2008, the Executive Director of the Tennessee Board of Funeral Homes and Embalmers has required Shelby County Government to have a Licensed Funeral Director present at every burial at the Shelby County Cemetery. The Shelby County Cemetery does not employ a Licensed Funeral Director, nor does it engage in other activities or services performed by funeral homes. This requirement has created an unnecessary hardship on Shelby County employees at the Cemetery to locate a Licensed Funeral Director for every burial and continued compliance would require additional funds be expended to hire either a full-time or part-time funeral director, and such person would perform no additional necessary services.
